QUALITY HONEST CRAFTSMANSHIP

FAMILY OWNED AND OPERATED SINCE 1989

## OUR FOUNDERS

### 1<sup>ST</sup> GENERATION

G&M Craftsman Cabinets was started in 1989 by Graham and Marion (G&M) Goschnick after Marion wanted to move to the Sunshine Coast for a change of scenery over Brisbane. Graham was a precision builder for many years and had built the kitchens in projects as a part of the build. When cabinet-making became a specialist trade that's when Graham and Marion started up G&M Craftsman Cabinets as a specialist company that concentrates on the joinery elements of the build only.

### 2<sup>ND</sup> GENERATION

Graham's son Neil Goschnick started working for G&M in 1990. After Graham retired his son Neil took over the business in the year 2000. Neil worked with his father to help build the family business for many years. Neil had taken the business from humble beginnings to a reputable specialist family business that serviced the Sunshine Coast and wherever the road took it.

### 3<sup>RD</sup> GENERATION

Brent Goschnick took over the business as director at the start of 2016, Brent is one of Neil and Roz's two sons. Brent had made the choice to start in the family business straight after high school in 2002 and has worked for the business ever since. Brent had taken a short break for 4 years when he moved to London to further his career in Cabinet Making and Joinery working for one of the top 3 firms in London. This career had helped him work on high-end design projects servicing London, Europe and as far as Russia. Upon returning to Australia, he had the opportunity to share this experience with Neil and team members to push the boundaries in Sunshine Coast design.

## OUR TEAM

Team G&M has a history of retention and have been blessed with loyal team members that are like family. Our small team has helped us grow to the business we are today and set the solid foundation we have today with years of service amounting over 100+ years.

## ABOUT

At G&M Craftsman Cabinets, we specialise in luxury custom-made joinery. With a combined experience of over 100+ years, our team recognises the importance of exceptional-quality craftsmanship and a friendly, approachable attitude. We pride ourselves in offering a unique product and service that is a cut above all competitors. Whether you are looking for a new kitchen, or joinery for your entire home, we approach each project with honesty and transparency and keep you informed every step of the way.

We have worked alongside many well know builders, architects and interior designers throughout the Sunshine Coast and Brisbane. We are capable of producing everything from bespoke pieces to whole house joinery and anything in between! Whatever your needs, we can provide a complete service of design and on-site measurement, manufacture and installation. We are the one stop shop for your new investment.

## OUR PROCESS & CAPABILITY

### BUDGETING & CONSULTING

We help everyone from home renovators to builders to commercial developers. We'll review architectural plans to make sure what's designed is achievable and budget friendly.

### PLANNING & DESIGN

We have trained consultants ready to help you plan your project and source the right hardware and finishes to match your project goals. We'll make sure that your project will function well before its created.

### MANUFACTURE

G&M Craftsman Cabinets means exactly that... we are craftsmen. Our team is trained with knowledge passed down from generations. Everything is made in-house to the highest level of detail and quality.

### INSTALLATION

Our tradespeople aren't just installers, they're craftsmen whose experience and knowledge have helped them hone their skills over time. We treat every project as if it were our own and finish each and every one to perfection.

### PROJECT MANAGEMENT

G&M's experienced team will make sure that the related trades for the project are booked and fully briefed. Communication is key for us and we make sure you are in the know when it comes to all project updates.

### MAINTENANCE

Accidental damage or a sticky door or draw? G&M Craftsman Cabinets can help with many repairs and or come up with a maintenance solution to help you keep your new joinery like new for years to come. There is no problem we can't fix.

## BRANDS WE TRUST

The kitchen is used by your whole family every single day, so we believe quality matters. Therefore, we align ourselves with the best brands in the industry so we can provide the highest quality kitchen products and hardware to our customers. Our kitchen designer is always sourcing new and innovative products to offer for our joinery, including the latest in design ideas, styles and trends.

We choose to work with brands that offer great after-sales services and customer care. In addition to the 10 year warranty you'll receive on your kitchen joinery, your kitchen appliances, sink, mixer and stone benchtop also come with their own manufacturer's warranty that can range anywhere between 12 months to 25 years lifetime warranty.

## TESTIMONIALS

"I have been engaged with G&M Craftsman Cabinets, Nigel, and the team for a few projects over the years and their collaborative effort and communication is first class. This is the second kitchen G&M have completed for our family and we are thrilled with the result. Until you understand the collaborative process a kitchen involves, you really would never comprise on the main thing that people value when they see your renovation – the design and cabinetry. I approached Brent with my initial concepts and selections, and he ensured it was executed perfectly. A happy returning client."

– RENEE ENRIGHT, HOME OWNER

"We were new to renovating and to be honest we were nervous but the G&M team was so supportive to our needs and being quite a large job, the team made it quite seamless and collaborated well with other trades to make it hassle free for us. The quality of work delivered was impressive. They were perfectionists and no stone was left unturned. The word 'Craftsman' within their business name resonates well as they are definitely that. I would highly recommend G&M Craftsman Cabinets and we will absolutely utilise them for our future projects."

– KYM JACKSON, HOME OWNER

"Nearly 3 years ago I had an idea to start my own jewellery store but had no idea in where to start with shop fit design and fit out."

Brent and the team made it so easy and stress free. His design ideas and superior finishing still to this day has my clients commenting on how beautiful my shop is.

I highly recommend G&M Craftsman Cabinets for all of your joinery needs."
